ISATE 2021

Poster presentations

These guidelines are given to all Poster session presenters. The chaired Poster Session will be organised on Tuesday 17 August and Wednesday 18 August at 11:30–12:30.

The session will be run by using the video-meeting -widget on Howspace platform.

> Further information about the conference platform "Howspace" and the live-widget.

Poster Session

The presenting author is expected to be present throughout the poster session. The session will be hosted. During the joint session all authors will make a short presentation (1-2 minutes, you can share your screen). After the joint presentation session, everyone has the opportunity to ask questions and discuss with the poster presenters in the poster rooms on the platform (every poster presenter has an own video meeting room available during the session).

In addition, the posters will be on display throughout the conference on the Howspace conference platform (Posters).

The poster should be maximum **3–5 pages long and saved in a pdf -format (powerpoint)**. Please name the file using your/presenting author's name (poster-lastname-firstname.pdf). Remember that your presentation must be readable from the screen. Keep visual materials simple and clear.

Please send your poster file by **6 August** using this upload form:
